

# Without You

Lonestar

Fire, smoke, bad joke  
That's what my life's been turned into  
Hurt, cry, pray to die  
That's all that I've got left to do

Without you, every time someone speaks your name  
I feel my heart go up in flames  
Without you, nobody's here to see me cry  
Or wipe the teardrops from my eyes

Without you, I'm the only one that I've got left  
And I can't live with myself, without you, oh, without you

Guilt, shame, I'm to blame  
For all the pain I put you through  
Cold, yeah, stoned, mind blown  
There's nothin' left for me to lose

Without you, every time someone speaks your name  
I feel my heart go up in flames  
Without you, nobody's here to see me cry  
Or wipe the teardrops from my eyes

Without you, I'm the only one that I've got left  
And I can't live with myself, without you  
Without, without, without you, without, without, without you

Time goes by, still I'm

Without you, every time someone speaks your name  
I feel my heart go up in flames  
Without you, nobody's here to see me cry  
Or wipe the teardrops from my eyes

Without you, I'm the only one that I've got left  
And I can't live myself, without you

Every time someone speaks your name  
I feel my heart go up in flames  
Without you, nobody's here to see me cry  
Or wipe the teardrops from my eyes

Without you, I'm the only one that I've got left  
And I can't live with myself, without you, ohh, without you, ohh  
Without you, ohh, without you
