

## The one you never see

Lonewolf

I am eternal victory  
I cannot be defeated  
I rule your death your glory  
Immortal and unexpected  
Shadows and light  
I rule you must obey  
Master of all fate and time  
Your destiny is in my hands  
For I am the one who decides when you must die  
I am the one you never see  
The ruler of eternity  
I am the ice cold bony hand  
Of the one with hood and scythe  
I decide the miracle  
Of birth and death and your whole life
