

## All Sewn Up

Longwave

When I'm all sewn up  
I feel like giving up  
Conversation ends  
With all this useless shit

you make me feel at home  
Breathing on my skin  
The darkest things you love  
I'll wait to come in  
And all the friends I knew before  
Are kicking screaming through the door

when I'm all sewn up  
I feel like giving up  
Conversation ends  
In all this useless shit  
I  
T always makes me mad  
To have to leave again  
The darkest things you love  
I'll wait to come in  
And all the friends I knew before  
Alone and screaming through the door

When I'm all sewn up  
I feel like giving up  
And every little thing  
And every little thing  
Can make me feel at home  
You're breathing on my skin  
The darkest things you love  
I'll wait to come in  
And all the friends I knew before  
Are kicking screaming through the door
