

# Sirens In The Deep Sea

Longwave

I've been trying to reach you, oh  
I've trying to get through, oh  
It's so hard to let you know  
I've been trying, yes, it's true, oh

You're the only one that can  
The lonely one again  
You're the only one that can  
You are alone  
I've been swimming in the deep sea  
Sirens come up to greet me  
But it's not so good to be

The only one that can  
The lonely once again  
You're the only one that can  
You are alone

You're the only one that can  
The lonely one again  
You're the only one that can  
You are alone

You're the only one that can  
The lonely once again  
You're the only one that can  
You are alone, you are alone
