

I Promise We'll Swing For The Fences

Look Mexico

Well you say that will and and you won't.
And I've come to think that you're insincere.

Will you come with me?
A structure as strong as mine just can't be struck down.

No, not this time.

Straighten up.
We know you're not a liar.
Awaken where you are.
Awaken where you are.

You've got to understand we've known
That you've been mistaking who you are.
Mistaking who you are.

Come in or stay out. I don't care.
It's wearing thin and I'm growing out of this.
Stop acting wise and just have a clue.

We are watching you.

Say that you will, and you won't.
