All I Really Want

You say it's time to leave Baby I just can't believe Cause you are the sunshine of my life Baby you make me smile You make me feel so good I can't stand you being away It's like forever and a day

All I really, really want is you and me together All of our dreams are coming true All I really, really want is you and me forever All I really, really want is you

When I look in your eyes You take my breath away Baby it is like a dream Don't you leave me now and stay Cause you're the one who makes me smile You make me feel so good I can't stand you being away It's like forever and a day

Baby when I close my eyes I still feel you deep inside Tell me what you want me to do All I really want, all I really want is you
