

# Rhythm Of The Night

Loona

do it to me one  
Just one more time  
Oh Baby let's get down tonight  
Everybody dance and feel alright  
Rhythm of the night  
Do it to me one  
Just one more time  
Oh Baby let's get down tonight  
Everybody dance and feel alright  
Rhythm of the night

We're running out of time  
Another day in paradise so come on...  
And nothing is forbidden  
There's no one who can stop us tonight...give me your love

Do it to me one  
Just one more time  
Oh Baby let's get down tonight  
Everybody dance and feel alright  
Rhythm of the night

Do it to me one  
Just one more time  
Oh Baby let's get down tonight  
Everybody dance and feel alright  
Rhythm of the night

I am lost in a dream  
Can't believe that it's real  
It's never knew. It exists  
You're the one for me  
It's the rhythm of the night  
It will catch you any time  
Give me once give me twice  
Your love

I can see it in your eyes  
But there's no time for foolish bright  
no come on...  
If you wanna feel the sun  
Than just hang on to this love deep inside  
Inside your heart

Do it to me one  
Just one more time  
Oh Baby let's get down tonight  
Everybody dance and feel alright  
Rhythm of the night

Do it to me one  
Just one more time  
Oh Baby let's get down tonight  
Everybody dance and feel alright  
Rhythm of the night

And my love is in a dream

Can't believe that it's real  
It's never knew. It exists  
You're the one for me  
It's the rhythm of the night  
It will catch you any time  
Give me once give me twice  
Your love
