

# Reclaim the City

## Looptroop

In the year 2000, watch out for Looptroop  
Coming to reclaim a city near you  
It's Timbuk with the truth, detonate your city like a nuke  
And duck from blue suits and cop boots  
Headline the news and reclaim the avenues  
Scare them nazi crews with rap attitudes  
Cause mass media's polluting the nation  
This is my Swedish history exclamation  
I'd rather stand up for my views in handcuffs  
This shit you can't trust, get fucked and banged up  
Back in the days the state helped Hitler  
Now they're trying to arrest me for packing rizla  
I can't live the law that they speak  
My cause is deep, I keep prowl while you're asleep (Yes!)  
Cause me and Promoe, keep a low pro  
A big bro catch us on a satellite photo  
So when the punk police roll up from light, what  
You want an autographed poster?  
You cops are the same all over the world  
Wanna brush me with the night sting  
Charge me with anything, the mic stink  
How sick can y'all get?  
Timbuktu's the terrorist target  
Excuse me, sergeant, you need a pause for breathing  
I'm gonna put my hands on a mic where you can see them  
And yes, I use profanity and foul language  
You can point your fingers at me cause I'm the bandit  
That's how they planned it, so I can look like the enemy  
Fucking with us, the melody  
This here's a 28 bar felony  
Rounded with the Looptroop to reclaim your city  
Nowadays, who got rights? The people? Not quite  
Can you truly say that you feel safe in daily life?  
I try to rise cause the way I see democracy  
Got to be the opposite of your hypocrisy  
A cop to me is like a certified murderer

Who push you down mentally and physical
