

Still Looking

Looptroop

"I'm feelin' stressed there's a stone in my chest.
I'm miles away from performing my best.
I gotta open up, let go of that weight,
fast before my past is catchin' up the pace.
I didn't wanna leave, I just had to.
Never knew how you felt about it, forgot to ask you.
I'm glad for the time we had, those years were the
finest,
but I can't live in a world full of blindness.
What I'm looking for can't be found here.
The place I wanna go to ain't around here.
So I'm leaving, ain't no packing needed.
If there's a better place to live I gotta see it.
Maybe I am looking for love,
or maybe I'm just sick of this world./
Don't matter, if I said I cared I would lie.
This ain't the time for bad theories about why.
So don't try to figure it out,
you can't cus if I could I wouldn't be where I'm now.
Just live your life and take it easy my friend.
The future is ahead to come and we'll meet again□ "
