

## Angelgrinder

Lord Belial

Roaring with the sound of heavy thunder  
Moving with the extreme lust of death  
Spawned before the dawn of time  
In the shadows and the dark it dwells  
Pulsating cold blood in the ancient veins  
Pugnacious as never seen by man before

Malevolence is its only feelings and thoughts  
Tearing the souls and wings of all seraphim

Angelgrinder-  
Makes it's way through the winged legions from heaven  
Angelgrinder-Grinding its way trough the angel torso  
Angelgrinder-Ripping their wings and drinks the warm blood from  
their throat  
Angelgrinder-Split open their wormeaten skulls

Feel the breath of a thousand lives  
Grasping for air and the life it holds  
Feel the heartbeat of a thousand demons  
Pounding inside its chest with wrath  
To silence the mighty demons within  
It unleash its wrath upon angels and man

Roaring with the sound of heavy thunder  
Moving with the extreme lust of death  
Spawned before the dawn of time  
In the shadows and the dark it dwells  
Pulsating cold blood in the ancient veins  
Pugnacious as never seen by man before

Malevolence is its only feelings and thoughts  
Tearing the souls and wings of all seraphim

Angelgrinder-  
Makes its way through the winged legions from heaven  
Angelgrinder-Grinding its way trough the angel torso  
Angelgrinder-Ripping their wings and drinks the warm blood from  
their throat  
Angelgrinder!!!
