

Inexorable Retribution

Lord Belial

In tartarus, in the underworld even lower than hades
Furies, wicked demonical spirits of vengeance dwells

As far beneath hades as heaven is high above the earth
Engulfed in a murky gloom they torment those lost souls

Their eyes dripping of blood, their heads wreathed by
serpents
Appalling look of dreadfulness with bodies reeking of
awful stench

Daughters of Persephone - queen of the underworld
Alektó, progeny of unceasing fury
Mégaira, mistress of utmost jealousy
Tisifóné, blood lusting princess of vengeance

Paralyzes the sufferers with dire shrieks and tainted
means of torture
Stalking the human victims on earth as well as the dead
in the underworld

Their eyes dripping of blood, their heads wreathed by
serpents
Appalling look of dreadfulness with bodies reeking of
awful stench

Daughters of Persephone - queen of the underworld
