

## Sworn

Lord Belial

Transcend into the dark and cold  
Behold the eternal wisdom of the old

A primordial black bane of existence  
From the ominous abyss ascent  
Gathered wisdom through centuries  
Forged and crafted to malevolent perfection

Transcend into the dark and cold  
Behold the eternal wisdom of the old

Stare into the ominous abyss  
Walk its path to inner destruction  
Move towards its obscurity  
Sworn by its command
