## **Unholy War**

## **Lord Belial**

Impious visions
Glorification of malevolence
Craving for a sacrifice
Rising as the fiery flames
Quenching life by the thousands

Rise Slay them all Rise As the fiery flames

United we shall stand, divided we will fall Discipline and hate shall conquer them all None left behind, show no mercy Slay them all and rise as the fiery flames

Rise Slay them all Rise As the fiery flames

Rise Slay them all Rise As the fiery flames
