

Mighty

Lord Huron

You were a wild thing when you were younger,
stomping through the jungle.

You were mighty and you were stronger
but I bow no longer.

All your temples will lie in ruin
once I ravage through them.

All your rivals will not go near you
but I do not fear you.

Well, you howl and you roar,
but I am not afraid of you anymore. (x4)

You think you can have it?
Then come and get it.
