

# Epiphany

Lord Of The Lost

I make you undone  
I am the reaper  
Don't try to run  
You're just a creeper when I come

My heart bleeds for you  
But I'm not gracious  
I envy you  
I want to be mortal just like you

I make you undone  
I am the reaper  
Don't try to run  
You're just a creeper when I come

And don't be afraid, it's over by now  
You're starting to fade, beginning to drown  
And life is too short  
You're praying for grace  
You're begging for love, for mildness

The day you die  
I will kiss you  
I hear you sigh  
The curse of me will be the curse of you

I make you undone (I erase you)  
I am the reaper  
Don't try to run (I erase you)  
You're just a creeper when I come

(Pain)  
Afraid  
Lifelong  
Decay  
When I come

And don't be afraid, it's over by now  
You're starting to fade, beginning to drown  
And life is too short  
You're praying for grace  
You're begging for love, for mildness

And don't be afraid

I make you undone  
I am the reaper  
Don't try to run  
You're just a creeper when I come
