

Never Forgive

Lord Of The Lost

More than I can take
Much more than I could ever swallow
Bigger than myself,
Too much, too deep, too far to follow
No, I give up

When I give up I know that you won't forgive me
Now I give up, and no, I will never forgive

When I give up I know that you won't forgive me
Now I give up, and no, I will never forgive

The end of every night
I wake up and die
Drowned in endless green
Embraced by your eyes

When I give up I know that you won't forgive me
Now I give up, and no, I will never forgive

When I give up I know that you won't forgive me
Now I give up, and no, I will never forgive
And no, I will never forgive
And no, I will never forgive
I will never forgive
I will never
Never forgive
