

Revelation 13:18

Lord Of The Lost

This Is A War

Politicians for the hollow people, try to fill them with pills and needles

narcisstic fake correction, after judging the next injection
infest, ivasion, martyrs, heretics, lies, crucifixions, stonings and ethics

religious and fascists around the zodiac, payed by the poor for more crabs and crack

deface the world's defective space, say educate and ejaculate

This shit we call the human race, smell your flesh, taste your decay
as long as you remember your name

We will fall in the blackest void, a battlefield full of little boys
maybe perversion saves the end, we sell our souls with no repent
we're the wheels in the death machine

we're just models without faces in a world so clean

there's only lies in our descent, we lose the war with no defense

porno children young and delicious, so full of unfilled sexual wishes
callboys for the family daddies, some like it facial, some interracial
l

talkshows for the hard worn nation, talking about morals and masturbation

it's public suicide, to say that TV has ever lied

We will fall in the blackest void, a battlefield full of little boys
maybe perversion saves the end, we sell our souls with no repent
we're the wheels in the death machine

we're just models without faces in a world so clean

there's only lies in our descent, we lose the war with no defense

I can't see what I'm fighting for, can't believe that I will find an end

I can't see what I'm dying for, God release me just this time

I died last night shot from behind

I died last night, haven't seen the signs

I died last night shot from behind

I have to fight but I died last night

In silence we pray, break down on our knees

but what if we fail, we'll never be free

In silence we pray, in humility

but what if we fail, we'll never be free

This is a war

We will fall in the blackest void, a battlefield full of little boys
maybe perversion saves the end, we sell our souls with no repent
we're the wheels in the death machine

we're just models without faces in a world so clean

there's only lies in our descent, we lose the war with no defense

For God so loved the world that he gave his only begotten son
that whosoever believeth in him should not perish
but have everlasting DEATH
