

## Seven Days Of Anavrin

Lord Of The Lost

It was one of these days, the right and left grew apart  
It was fear in my face, I felt a hole where I had a heart  
I saw all of it fading away  
Breeding flowers inside pitch black caves  
I knew heaven and hell has been lies  
I Surrender and turned out the lights

It's the Seven Days of Anavrin for you to leave the world behind us  
Seven Days of Anavrin, the treasure of you and me will find us

The right hand tries to control but the left hand bears the strength  
Let it go, nothing's gonna change  
Now revive the Abel in Caine

Days of Anavrin  
I'm falling here into you  
The first day of Anavrin  
is the last one I see you
