Seven Days Of Anavrin

Lord Of The Lost

It was one of these days, the right and left grew apart
It was fear in my face, I felt a hole where I had a heart
I saw all of it fading away
Breeding flowers inside pitch black caves
I knew heaven and hell has been lies
I Surrender and turned out the lights

It's the Seven Days of Anavrin for you to leave the world behin d us

Seven Days of Anavrin, the treasure of you and me will find us

The right hand tries to control but the left hand bears the str ength

Let it go, nothing's gonna change Now revive the Abel in Caine

Days of Anavrin
I'm falling here into you
The first day of Anavrin
is the last one I see you
