

# Homemade Dynamite

Lorde

A couple rebel Top Gun pilots flying with nowhere to be  
Don't know you super well, but I think that you might be the same as  
me  
Behave abnormally

Let's let things come out of the woodwork  
I'll give you my best side, tell you all my best lies  
Yeah, awesome right?  
So let's let things come out of the woodwork  
I'll give you my best side, tell you all my best lies  
Seeing me rolling, showing someone else love  
Dancing with our shoes off  
Know I think you're awesome, right?

Our rules, our dreams, we're blind  
Blowing shit up with homemade d-d-d-dynamite  
Our friends, our drinks, we get inspired  
Blowing shit up with homemade d-d-d-dynamite  
Blowing shit up with homemade d-d-d-dynamite

Might get your friend to drive, but he can hardly see  
We'll end up painted on the road, red and chrome, all the broken glass  
sparkling  
I guess we're partying

So let's let things come out of the woodwork  
I'll give you my best side, tell you all my best lies  
Seeing me rolling, showing someone else love  
Hands under your t-shirt  
Know I think you're awesome, right?

Our rules, our dreams, we're blind  
Blowing shit up with homemade d-d-d-dynamite  
Our friends, our drinks, we get inspired  
Blowing shit up with homemade d-d-d-dynamite  
Blowing shit up with homemade d-d-d-dynamite

Now you know it's really gonna blow (bhoo)

Our rules, our dreams, we're blind  
Blowing shit up with homemade d-d-d-dynamite  
Our friends, our drinks, we get inspired  
Blowing shit up with homemade d-d-d-dynamite  
Blowing shit up with homemade d-d-d-dynamite  
Blowing shit up with homemade d-d-d-dynamite

Our friends, our drinks, we get inspired
