

## Team

Lorde

1. We've not yet lost all our graces  
The hounds will stay in chains  
Look upon your greatness  
That you'll send  
The call I'll send

Call all the ladies out  
They're in there finally  
A hundreds jewels on throats  
A hundred jewels between teeth  
Now bring my boys in

Their skin in craters like the moon  
The moon we love like a brother, while he glows through the  
room  
Dancin' around the lies we told  
Dancin' around big eyes as well  
Even the comatose they don't dance and tell

R: We live in cities you'll never see on screen  
Not very pretty, but we sure know how to run free  
Living in ruins of the palace within my dreams  
And you know, we're on each other's team

2. I'm kind of over being told to throw my hands up in the air,  
so there  
So all the cups got broke shards beneath our feet but it was  
n't my fault  
And everyone's competing for a love they won't receive  
Cause what this palace wants is release

R:

I'm kind of over getting told to throw my hands up in the ai  
r  
So there  
I'm kinda older than I was when rebelled without a care  
So there

R:

We're on each other's team  
And you know, we're on each other's team  
We're on each other's team  
And you know, and you know, and you know
