

# White Teeth Teens

Lorde

We wouldn't be seen dead here in the day  
I guess you're lucky that its dark now  
And if I like it then we'll stay  
Impress the empress, take a shot now

We got the glow in our mouths  
White teeth teens are out  
White teeth teens are up for it

I know you love it when the hair pins start to drop  
I like your reckoning, but we got our methods  
and there's nothing here to stop  
To stop this

If you want we'll help tonight to split his schemes  
Give the bruises out like gifts  
You'll get the picture of your dreams  
I won't be smiling bout the notes  
From my admirers fill my dashboard just the same

We got the glow in our mouths  
White teeth teens are out  
White teeth teens are up for it

I know you love it when the hair pins start to drop  
I like your reckoning, but we got our methods  
and there's nothing here to stop  
To stop this  
They're up for it  
I know you love it when the hair pins start to drop  
I like your reckoning, but we got our methods  
and there's nothing here to stop  
To stop this

(And everything works out so good  
I wear the robe like no one could)

I'll let you in on something big  
I am not a white teeth teen  
I tried to join but never did  
The way they are, they way they seems something else, it's in the blood  
Their molars blinking like the lights, in the underpass where we all sit  
And do nothing and love it

And everything works out so good  
I wear the robe like no one could  
And everything works out so good  
I wear the robe like no one could

We got the glow in our mouths...  
White teeth teens are out...  
We got the glow in our mouths...  
White teeth teens are out
