

## Get heavy

Lordi

Spasmodic '84  
Electric Dinosaur  
Desperado Vampire  
This heavy-weight mystique  
Way out of your league  
I trust my vision in fire

Warp into monster disco hell  
Go crazy in the haze  
Enter the freaky race  
Pave the way for the grande cliche  
Now the monsters break their chains

It's time to get heavy  
Yeah it's time to get heavy again  
The powerbeat is back  
The monster-squad attack

I'm the king of the night  
An iron parasite  
I'm walking wonder  
No, I don't need no sense  
'cause it's a weak defense  
I'm the rider of thunder

Warp into monster disco hell  
Go crazy in the haze  
Enter the freaky race  
Pave the way for the grande cliche  
Now the monsters break their chains

It's time to get heavy  
Yeah it's time to get heavy again  
The powerbeat is back  
The monster-squad attack
