

# Give Your Life For Rock And Roll

Lordi

Beat the toms, Be the fox on the kit  
The Queen of shock, With black tape on your tits  
Pulling teeth  
Got a bass, Make it scream  
Tight blue jeans, Packed with TNT  
They will just be an ember  
Yet your flame's burning high  
They will not be remembered  
Yet your sound is alive

[Chorus]

Give your life for Rock and Roll,  
Your soul shall live on  
Give your life for Rock and Roll,  
You'll never be gone  
Crank up your flying v, With the white polka dots  
Tragedy, You're the diamond, red hot  
Under the gun, You got Animalized  
Wild and the young, With pride wearing stripes  
They will just be an ember  
Yet your flame's burning high  
They will not be remembered  
Yet your sound is alive

[Chorus]

Give your life for Rock and Roll,  
Your soul shall live on  
Give your life for Rock and Roll,  
You'll never be gone  
You'll never be gone

[Solo]

[Chorus]

Give your life for Rock and Roll,  
Your soul shall live on  
Give your life for Rock and Roll,  
You'll never be gone [2x]
