

SCG5: It's A Boy!

Lordi

Okay, she's fully dilated.
Nurse, 150 mg of Demerol.
Honey, you're doing great,
No fear, baby.
We need you to do... just push.
Okay honey, push, push, honey.
Shut up!
You're doing real well.
I can see his head, just one more push...

Oh my God, what the hell is that!
My God, get out of the room!
AAAAAAAAAAAAAAAAAAAH!
