

Drowning In Ecstasy

Lords of Acid

I need a tiger who can make me cum
Who turns me on, serves me with his tongue
I need a hunk who can make me wet
Squirting my nectar all over the bed
My slice of heaven's feeling really wild
Don't stop before i cum in your mouth
Suck on my love box until i cream
I'm feeding your mouth until i scream
Overwhelmed with passion,
Moans from pure delight
Overflow with juices, dripping wet desires
Infiltrate my body, stimulate my brain
Waves come in splashing, sweet forbidden stains
Make my body shiver, make me soaking wet
Hearts are beating faster,
Perfume mixed with sweat
My body starts to tremble,
My body starts to quake
Squirming and squirting,
Squeezing liquid grace

Juices are flowing down your lusty cheeks
Tease my vagina, make me wet your sheets
I squirt like the wipers on my hot new car
I scream like the devil in a stripper bar
Taste from my honey that leaks drop by drop
Big guy, it's yours, don't you dare to stop
Suck on my love box until i cream
I'm feeding your mouth until i scream
Overwhelmed with passion,
Drenched in hot desire
You fulfill my hunger, you can quench my fire
Make my body crazy, let your tongue go wild
'Enetrade my softness, squeeze my body tight
Come and take me higher,
Use your burning lips
Feel my senses rising, undulating hips
Make me squirm and shiver,
Thighs are open wide
Creaming on your fingers,
Make me feel alive
