

Out Comes The Evil

Lords of Acid

Half a pound of tuppenny rice
Half a pound of treacle
That's the way the melody goes
Pop goes the weasel

Half a pound of tuppenny rice
Half a pound of treacle
That's the way the melody goes
Pop goes the weasel

Half a pound of heroin
Half a pound of treacle
That's the way the story goes
Out comes the evil

Feels so good, feels so bad
Feels so good, feels so bad

Half a pound of heroin
Half a pound of treacle
That's the way the story goes
Out comes the evil

Feels so good, feels so bad
Feels so good, feels so bad

Half a pound of heroin
Half a pound of treacle
That's the way the story goes
Out comes the evil

Feels so good, feels so bad
Feels so good, feels so bad
Feels so good, feels so bad
Feels so good, feels so bad

Half a pound of tuppenny rice
Half a pound of treacle
That's the way the melody goes
Pop goes the weasel
