

Stoned On Love Again

Lords of Acid

my life's more crazy than before
cuz i found me a girl who gives me more
everywhere we go we need to score
im stoned on love again

the girl's a kinky sex machine
she's the wildest chick that you've ever seen
she's fuckin' horny, oh so mean
im stoned on love again

stoned on love again(x4)

im flying higher than before
cuz i found me a girl who gives me more
a thousand new things to explore
im stoned on love again

cuz my girl is the hottest thing
she got me danglin' honestly?
i'd raise her 'til i burn my wings
im stoned on love again

and when i drove her? home
completely drunk and oh so stoned
i tried to hold up through her smell
the perfume that is hot as hell

and when im driving home at night
always satisfied but oh so tired
the only thing that's on my mind
is that i wanna four wheel drive
im stoned on love again

im dancing wilder than before
cuz i found me a girl who gives me more
vibrations on the disco floor
im stoned on love again

she meets me in my wettest dream
and every night she makes me scream
she does? sweating? off steam
im stoned on love again

stoned on love again(x4)

and when i drove her? home
completely drunk and oh so stoned
i tried to hold up through her smell
the perfume that is hot as hell

and when im driving home at night
always satisfied but oh so tired
the only thing that's on my mind
is that i wanna four wheel drive
im stoned on love again

stoned on love again(x7)

and when i drove her? home
completely drunk and oh so stoned
i tried to hold up through her smell
the perfume that is hot as hell

and when im driving home at night
always satisfied but oh so tired
the only thing that's on my mind
is that i wanna four wheel drive
im stoned on love again.
