

The Wet Dream

Lords of Acid

I watch you sleep your restless dream
I can hear you breath so close to me
Your naked skin arouses me, I can't help touching you, pleasing
you

My fingers caresss your inner thighs, open your legs for me
Let me enter, let me be part of your dream
I'm gonna bring you up by hand, gonna make you sigh
Now open your altar of love

I'm washed upon a shore, I can feel the water tickling my pussy
I know this is a dream, but what I feel feels so real

I'm gonna warm you up, feel my fingers around your love-button
All part of the drugs you use

Someone is touching me but I don't want to see who he is
His warm hands feel like flames warming up my desire

I'm gonna taste your juice, I'm your wet dream

I'm getting absofuckinglylutely horny !
I open my eyes and see his head burried between my legs
I grab his hair and pull his face even closer into my crotch

Feel it, feel my tongue

I feel it

Feel my tongue
I feel your wetness, it's dripping off my face...hot fluids
taste sweet on my lips
let's Adam and Eve it baby, here's a bit of hard for your bit o
f soft
I'm gonna roll you over, I'm gonna fuck ya !

I'm on my hands and knees now. I need it hard. I need it deep.
I'm steaming hot. I want it all.

I'm gonna make you come and come. I'm gonna give you juice for
jelly.
Gonna make you come, come to me baby.

Give it to me

This is real, honey.
(Big orgasm)
