

Jungle

Loreen

Yeah

Where you want it? Where you want it?

Where you want, where you want, where you want, where you want it? Right

Where you need it? Where you need it?

When you need, when you need, when you need, when you need it?

Yeah, just left the phone up

I'll be around, yeah, I'll be around

I rip up all your clothes now

I rip up your clothes and put the And throw them down, down the floor

I rip up your clothes now

I rip up your clothes all around

Ooh, wanna lose it like they do it in the jungle, yeah

Ooh, wanna lose it like they do it in the jungle, the jungle, yeah

Oh, do want it? Do you want it?

Where you want, where you want, where you want, where you want it? Right

When you wanna feel it, when I feel it

You wanna feel, wanna feel, wanna feel, wanna feel it, yeah

Yeah, just lift the phone up

I'll be around, yeah, I'll be around

Time to rip up all your clothes now

I rip up your clothes now

Ooh, wanna lose it like they do it in the jungle, yeah, yeah, yeah

Ooh, wanna lose it like they do it in the jungle, the jungle, yeah

Fallin', I'm callin'

Now ba-ba-baby, I want it

Come beat it, I need it

I'm callin' out for you to make me humble

Make it out the clothes, so boy, feelin' lucky

You see I like green and sticky

Just like me you are a cold-blooded lover

Come in with that mountain blood, hot like lava

Hit me up, city to cold street

Meet me first then hard, hard, revive me

Diggin' deep, now touch your mama home soil

Sweep me from the 'til the mountain boil

Ooh, wanna lose it like they do it in the jungle

Fallin' like the trees in the jungle, my jungle, yeah

Ooh, wanna lose it like they do it in the jungle

Callin' out for you to make me humble, make me humble
