

Showing Bones

Lorene Drive

I just saw myself a shooting star
I think I might just make a wish, oh
I don't know, no I don't know
What I'm gonna do I'm the first at the plate, yeah

My power shifts and can't return
We were showing bones and he's staring the sun
I'm always hungry and I'm starving for more
Cause what I've got's not good enough, good enough
Oh yeah

I see, you know that I see
Oh baby I see all my friends on the TV
Don't you go around taking it personally
It ain't nothing honey just take it from me

(Don't you go around taking that personally)

Nickels and dimes I'm always fine
First you steal my thunder now you're stealing my lines
I don't give a damn, no I don't give a fuck
Cause what I've got's not good enough, good enough

My power shifts and can't return
We were showing bones and he's staring the sun
I'm always hungry and I'm starving for more
Cause what I've got's not good enough, good enough
Oh yeah

I see, you know that I see
Oh baby I see all my friends on the TV
Don't you go around taking it personally
It ain't nothing honey just take it from me

I know everybody's chasing something
But damn I could write a book
About every little hook that kept me up all night
You hung me out to dry

Yeah you hung me out to dry

I see all my
I see all my
I see all my friends on the TV

I see, you know that I see
Oh baby I see all my friends on the TV
Don't you go around taking it personally
It ain't nothing honey just take it from me

(I see, you know that I see, Oh baby I see)
Don't you go around taking it personally
Don't you go around taking it personally
