

## Alone With You

Loretta Lynn

How I love to be around you  
When the lonely night surrounds you  
How I love to be alone with you  
How I love to have the power to read your mind  
How I love to be alone with you  
Just to be with you one night you and me alone  
Kiss your lips and hold you tight  
Have you for my own  
This would be a joy unending, could be a real beginning  
How I love to be alone with you

How I'd love to be around you  
When the lonely night surrounds you  
How I love to be alone with you  
If I only knew for certain  
I'd cut out all my flirtin'  
How I love to be alone with you  
Just to be with you one night...  
How I love to be alone with you  
How I love to be alone with you
