

Be Proud of Your Man

Loretta Lynn

Woman he love you can't you see so help him and love him all yo
u can

And if you love him then love him for what he is not for what h
e should be

Woman be proud of your man

Walk with him not on him talk to him not about him

Help him don't hurt him be proud of your man

Laugh with him not at him look at him not through him

Face him don't disgrace him be proud of your man

Pull with him not against him see some good in the bad in him

Be asure him don't destroy him be proud of your man

Be behind him not above him hold him don't control him

Help him don't hurt him be proud of your man woman be proud of
your man
