

## Country Girl (Just Home From Town)

Loretta Lynn

You can ride your elevators your city bus and escalators  
They'll take you anywhere you want to go  
But I'm glad to be back home again  
Where the country starts and the city ends  
And anywhere I go I wanna walk the dusty roads  
When the neon signs light up your street  
And the firefly's light shines on my feet  
And the nightcrawlers sang me sleepy sounds  
For you the city may be fine but there's a lot of hills to climb  
For a country girl who just got home from town

I'm a country girl just home from town  
Went far enough to look around  
But nothin' caught my eye so I didn't buy  
So if you want me change my name  
Then walk me home down a country lane  
We'll stop awhile and hear that country sound  
A bluebird's singin' a song that's new a lover's song he'll sing to you  
And a country girl who just got home from town

I'm a country girl just home from town  
Went far enough to look around  
But nothin' caught my eye so I didn't buy  
So if you want me change my name  
Then walk me home down a country lane  
We'll stop awhile and hear that country sound  
A bluebird's singin' a song that's new a lover's song he'll sing to you  
And a country girl who just got home from town  
Yeah I'm a country girl that just got home from town
