Darlin' when you told me you were leavin' I thought that you we re only foolin' me

But here I am to face old blue tomorrow with a broken heart tha t's filled with misery

It seems that my world is to an end

Just dreamin' of things that might have been

Oh why I don't get all sunshine bright today's the darkest day of my life

(oh that's Grady Martin)

Oh how I wish that old saying is true it's always darkest just before dawn

Then I'll know I'm gonna see the sunshine I just can't take this darkness on and on It seems that my world is...
