

I Miss You More Today

Loretta Lynn

Today I tried to think things through tryin' to get over you
But I've been thinkin' ever since you went away
Ev'ry thought is one that hurts and each day the hurt gets wors
e
And I miss you more today than yesterday

I miss you more today than yesterday
I had always heard it worked the other way
Someone said that time heals sorrow but I can't help but dread
tomorrow
When I miss you more today than yesterday

Today I thought I'd try to smile since you've been gone for qui
et awhile
But your mem'ry says there'll be no smile today
I doubt that I could ever find peace of mind in spite of time
Cause I miss you more today than yesterday

I miss you more today than yesterday
I had always heard it worked the other way
Someone said that time heals sorrow but I can't help but dread
tomorrow
When I miss you more today than yesterday
