

If Loneliness Can Kill Me

Loretta Lynn

I walk the floor here in my lonely room
The silence nearly kills me and I guess that it will soon
He left because of things I've done and said
And if loneliness can kill me then I'm just as good as dead

If loneliness can kill me then I might as well lay down
A girl who could die anytime shouldn't be a walkin' round
I'd better find a place to lay my head
For if loneliness can kill me then I'm just as good as dead

If loneliness can kill me...
