

# What Am I Gonna Do?

Loretta Lynn

What am I gonna do till you come home  
What am I gonna do now that you're gone  
What am I gonna do without you

What am I gonna do without a man  
What am I gonna do (you do the best you can)  
Oh what am I gonna do without you

What am I gonna do with all my time  
I'll just dream my dreams and drink sweet wine  
What am I gonna do without you

What do you gonna do without me  
Who's gonna give you all the things you need  
Oh what do you gonna do without me

What do you gonna do if you'll come home  
And the woman you thought was faithful to you is gone  
What do you gonna do without me

What am I gonna do till you come home  
What am I gonna do now that you're gone  
Yeah what am I gonna do without you  
What am I gonna do without you
