

# You Love You

Loretta Lynn

No one will ever take you from me  
My love can never keep you here  
And when you go I know there's nothing I can do  
No you're not in love with someone else  
You're carefull no one but yourself  
And I think I've wasted so much love on you

You love you with love for both of us you've never needed me  
Lovin' you is only standin' in your way of being free  
Love like yours is hard to come by lovin' you do way I do  
I just hope you'll be happy lovin' you

I remember when you loved me  
And I believe you really care  
Lovin' me I guess was something new to you  
But I won't be here when you come back  
And I wonder what you'll do  
Who will love you after you'll stop lovin' you

You love you with love for both of us you've never needed me  
Lovin' you is only standin' in your way of being free  
Love like yours is hard to come by lovin' you do way I do  
I just hope you'll be happy lovin' you
