

## Another Lonely Song

Lorrie Morgan

Time  
Won't ease my memory  
It's killing me now  
And Lord, how I need him here  
Just to feel him near  
And hear him breathin'

Still  
The night goes on and on  
Another lonely song, I'm singin'  
Lord, don't think bad of me  
Don't get mad at me  
You know I'm weak

And it couldn't 'cause a whole lot of harm  
To be in somebody's arms  
'Cause she's in his  
I know she is  
I know she is  
But God, I love him

And though  
I shouldn't give a damn  
That's the way I am now  
And Lord, yes I stay this way  
I can't play this way  
Just because I'm lonely

Still  
The night goes on and on  
Another lonely song, I'm singin'  
Lord, don't look down on me  
Don't frown on me  
Let's just keep talking

Another lonely song, I'm singin'
