

# Five Minutes

Lorrie Morgan

You look so disbelievin'  
At my suitcase by the door  
My taxi's on its way  
I can't take it anymore

Maybe you've forgotten  
What lovin' me's about  
Well now you've got five minutes  
To figure it out

You've got five minutes  
To tell me what I needed to hear  
You've got five minutes  
To show me that you're really sincere  
That's not much time  
To change my mind  
It'll take a miracle no doubt  
Now you got five minutes  
To figure it out

Now I've got your attention  
Here's what I've got to say  
You'd better do some talking  
Cause my taxi's on it's way

We used to set the nights on fire  
Now everything is the same  
But you've got five minutes  
To kindle the flame

You've got five minutes  
To tell me what I've needed to hear  
You've got five minutes  
To get me to believe you're sincere  
That's not much time to change my mind  
It'll take a miracle no doubt  
And you've got five minutes  
To figure it out

You can start with please don't leave me  
And end with I love you  
And if you'd only kiss me  
The way you used to do  
You should see a miracle come true

You've got five minutes  
To tell me what I've needed to hear  
You've got five minutes  
To get me to believe you're sincere  
That's not much time to change my mind  
It'll take a miracle no doubt  
And you've got five minutes  
To figure it out

You've got five minutes  
Oh, honey, you've got five minutes  
Come on and figure it out
