

I've Enjoyed As Much Of This As I Can Stand

Lorrie Morgan

You look better tonight then I remember
I'm so glad I got to see you once again
I've enjoyed just stiitn' down and reminicin'
but I've enjoyed as much of this as I can stand

The say you wish I could get to know your real love
Yeah we'll get together now and then
No I don't think I have time to see her picture
Not right now
I've enjoyed as much of this as I can stand

Oh there's so much more between us then this table
All our hopes all our dreams and all my plans
Yes it goes with out me saying I still love you
I've enjoyed as much of this as I can stand

Oh there's so much more between us then this table
All our hopes, all our dreams and all my plans
Yes it goes with out me saying I still love you
I've enjoyed as much of this as I can stand

Yes it goes without me saying I hate to leave you
But I've enjoyed as much of this as I can stand
