

It's Too Late (To Love Me Now)

Lorrie Morgan

It's too late
You say you want me, but it's too late
Once my love for you was so great
But it's too late to love me now

It's too bad
You say you need me and it's too bad
I know the feeling and it's so sad
But it's too late to love me now

Don't you know how hard I've tried
To hold out just for you
Loving you from memory day by day
Then someone came into my life and turned my dreams around
And he's taking all the love you threw away

It's too late
You say you want me, but it's too late
Once my love for you was so great
But it's too late to love me now
It's too late to love me now

Don't you know how hard I've tried
To hold out just for you
Loving you from memory day by day
Then someone came into my life and turned my dreams around
And he's taking all the love you threw away

It's too late
You say you want me but it's too late
Once my love for you was so great
But it's too late to love me now
It's too late to love me now
