

## We Wanna Be

Los Fastidios

We wanna we wanna we wanna be your megaphone  
we wanna we wanna we wanna be your rock'n'roll  
we wanna we wanna we wanna be your molotov  
we wanna we wanna we wanna be your fire

And the tomahawk will be taken up  
The dence smoke will raise from the barricades  
it will cover them and will dark all their fuckin hate  
your rock'n'roll will be your real strength

And the riot scream of your disagreement  
will raise strong from the battle zone  
It will cover them and smash all their fuckin hate  
your rock'n'roll will be the song of their last day

we wanna we wanna we wanna be like you
