

## Let Love Reign

Los Lobos

I gave you my life  
but now you running around  
is there any ...  
in this club that we found  
An eye for an eye  
a tooth for a tooth  
a savage revenge  
day was a-smooth

I've gone seen the gypsy  
had my cards read  
and she said:  
you gotta watch you stare  
every night and every day  
I search for the answer  
I saw ...  
...

You got me ...  
down on the ground  
you maybe love you  
but I ...

You gotta watch you stare  
every night and every day  
I search for the answer  
I saw ...

You got my baby  
down on my knee  
you maybe love you  
but you ... please  
I gave you my life  
but now you running around  
is there any ...  
in this club that we found
