

The Fat Man

Los Lobos

Well they call, call me the fat man
'Cause I weigh two hundred pounds
But the girls all love me
'Cause I know my way around

I was standin', standin' on the corner
Of Rampart and Canal
I was watchin', watchin'
All those people gather

I'm goin', I'm goin', goin' away
And I'm goin', goin' to stay
'Cause when in this fast life
Can't stand this, goin' away
