

## The Road to Gila Bend

Los Lobos

Made Nogales over night  
through the desert in yellow light  
missing everithing I left behind  
Will they see me coming ?  
Do they know I'm running?

Got to Tucson in the dark  
Keeping eye out for the law  
500 miles or more  
from a broken heart  
Can they see me coming?  
Do they know I'm running?

Its a long long way to Gila bend  
One silver dollar in my hand  
Road twists and turns is there no end  
When I get there I can lay my head in Gila Bend

Saw a church along the way  
A place to hide, to kneel and pray  
help me make it maybe one more day  
Can they see me coming?  
Do they know I'm running?

It's a long long way to Gila Bend  
One silver dollar in my hand  
Road twists and turns is there no end  
When I get there I can lay my head in Gila Bend
