

The Town

Los Lobos

A car rolls by way down low
There's a name on a wall that I know

I heard a shot go off in the night
My father said everything is alright
In the town where I come from

Some kids are playing out in the yard
A mother says "don't wander too far"

I can go there when I dream
I close my eyes and it's all I see
The town where I come from

I know it's where my heart will be found
It's where I'll finally lay myself down

I can go there when I dream
I close my eyes and it's all I see
The town where I come from
