

# My Kingdom

Lost Soul

My Kingdom rises  
As the others fall...

Curse me!  
I want to feel this rage  
Punish me!  
It's a sap for my trees

No forgiveness  
World in flames of ecstasy  
Jesus christ closed his eyes  
Shamefully

Isolation  
No man can see the light of my black sin  
Blessed your lunatic black hearts

Deformed by bastards by envy - not yours  
I come to you my children

Dress me with pain  
Of savage pleasures  
Your rejoice will be mine  
As feeding on horned angels tears
