

## What It Feels Like To Be Alone

Lost Years

I saw the way you move sweet and slow across the room  
And I know exactly how you do. Every little line was  
Right on time but I could hear her voice crack like  
Mine. She had me in her claws and I would leave to  
Believe every word she said.

Tell me are you alone again? I think you've  
Lost your home. Tell me where it is that you  
Go. All your hopes and dream metastasize to  
Smaller things and I know what it feels like  
To be alone. Every line that you've said  
Another stolen poem from dead friends and  
I know what it feels like to be alone She said.

Well it takes a lot to wish you well the times  
I had put me through hell and I don't think that  
We can ever be friends again.

Stay away, let me breathe, let me sink into anything.
